Non Dual-Use Declaration (EUROPEAN UNION)

Statement Issue Date: 15th January 2018

Products Covered: All products manufactured by Active Silicon unless the product is specifically stated otherwise.

Note: This is a General Statement - please contact Active Silicon if you require a product specific (by Part Number) declaration.

Active Silicon's products do not fall within the list of Dual-Use goods referred to in EU Council Regulation (EC) No 428/2009, as amended by Commission Delegated Regulation (EU) 2016/1969 of 12th September 2016.

We therefore confirm that no export licences or export permissions that relate to Dual-Use goods are required. Note however, it is beyond Active Silicon's control as to the final use of Active Silicon products and it is the responsibility of Active Silicon's customers to meet any export control compliance for the end product.

Signed: 

Date: 15th January 2018

Name: Colin Pearce
Position: Managing Director
