

Non Dual-Use Declaration (EUROPEAN UNION)

Active Silicon's products do not fall within the list of Dual-Use goods referred to in EU Council Regulation (EC) No 428/2009, as amended by Commission Delegated Regulation (EU) 2016/1969 of 12th September 2016.

We therefore confirm that no export licences or export permissions that relate to Dual-Use goods are required. Note however, it is beyond Active Silicon's control as to the final use of Active Silicon products and it is the responsibility of Active Silicon's customers to meet any export control compliance for the end product.
