### Applications for multispectral and hyperspectral imaging

Multispectral imaging (MSI) and Hyperspectral imaging (HSI) have been much talked about recently. In our post we take a look at what the techniques are adding to the real world.

### See our latest CoaXPress CXP-12 frame grabber at the Korea Vision Show

Our Korean partners, **OnVision**, will demo a selection of our **FireBird frame grabbers** on their booth. The Korea Vision Show is held as part of **Automation World**, taking place in Seoul on 27-29 March. Last year, the event attracted nearly 30,000 visitors and offered over 1,400 exhibition booths to browse.
