

Active Silicon cameras and imaging products showcased at Offshore Europe and DSEI this September

Two shows in the UK where you can see our imaging technology:

Offshore Europe, 5-8 September, Aberdeen. - Offshore energy industry show.

DSEI 12-15 September, London - International defense & security show.

We are exhibiting at both shows and **Nordin Chaouki**, our UK Sales Manager, will be there to welcome you at our partner **Steatite's** stand to discuss your imaging projects.

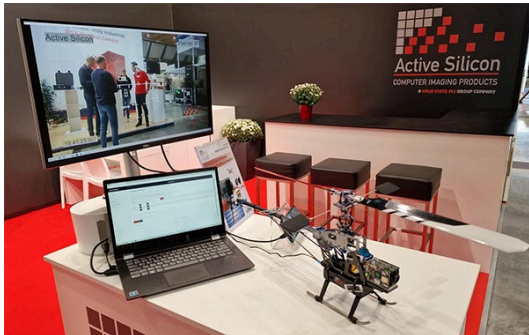

Contact Nordin to MEET UP at OFFSHORE EUROPE or DSEI

Products on display

We'll be bringing examples of our state-of-the-art **AF-zoom camera solutions**:

- Compact and light block cameras
- 10x up to 52x optical zoom
- Full HD and 4K models
- Various video outputs (Ethernet IP, USB 3, HDMI, 3G-SDI, LVDS etc)

Live Harrier IP Camera Demo

A demonstration of the **Harrier 10x AF-Zoom IP/HDMI Camera** (based on the Tamron MP3010M-EV) mounted on a remote control helicopter will show how we enable high-quality IP video with extremely low latency.

Our compact **Harrier block cameras** are ideal for pipe and gas line inspection, for mounting on UAVs and for housing in ROVs on land and underwater. They are also suitable for security, surveillance and to monitor operations in inaccessible areas.

CoaXPRESS

CoaXPRESS frame grabbers

Get advice on robust high-speed and high-resolution imaging for the defense market, the benefits of a CoaXPRESS interface solution and our fast and reliable **frame grabber cards**.

Custom embedded systems

Optimized to specific applications and with a long product life guarantee, we have over 30 year's experience designing and manufacturing **custom embedded systems** to reduce system costs while increasing reliability.

[More on our products](#)

We invite you to meet with Nordin and the wider Solid State group team to find solutions to your imaging, power, communication and computing challenges.

Active Silicon is a leading manufacturer of imaging products, embedded systems and custom solutions. If you would like to stay informed of upcoming events, products and news in general, then please follow us on one of our social media channels below.
