Active Silicon opens new office in Maryland

August 23, 2010, Annapolis, MD – As a result of recent growth and plans for further expansion in North America, Active Silicon is pleased to announce the opening of the company's new corporate offices in Severna Park, Maryland. All sales, operations, and support in North America will be managed from these offices from Monday August 23.

The new premises will allow Active Silicon to continue to expand its operations in the US focusing on key OEMs in the machine vision, science, medical, and defense markets.

The new address is:

Active Silicon, Inc.
479 Jumpers Hole Road, Suite 301
Severna Park
MD 21146
