

# Product Change Notification

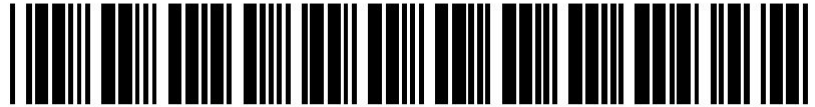

<b>Title:</b>	Product and Box Label Update
<b>Our reference:</b>	CN-0009-01
<b>Date:</b>	14th Mar 2014
<b>For further information contact:</b>	Email: sales@activesilicon.com Europe: +44 (0)1753 650600 USA: +1 410-696-7642

<b>Product(s) affected:</b>	All Active Silicon products will be affected by this change, including but not limited to the following product families: <ul style="list-style-type: none"> <li>• FireBird frame grabbers</li> <li>• Phoenix frame grabbers</li> <li>• LFG frame grabbers</li> <li>• Active-FCB camera interface modules</li> <li>• Computer module (CM) embedded systems</li> </ul>
<b>Description of change:</b>	As part of the process of moving to a new MRP system to allow for continued growth, the following changes will be made to the board and box labels: <ol style="list-style-type: none"> <li>1) The serial number shown on each label will be 8 digits rather than 4 digits. This longer serial number will also be shown on invoices and despatch notes.</li> <li>2) The 1D barcode will be replaced with a 2D barcode. The content of the barcode will be the same apart from removing the leading two zeros in the 1D barcode, and uniquely identifies any Active Silicon product.</li> <li>3) The MOD REC box indicating any production revisions will be removed and this revision information appended as letters after the issue number.</li> <li>4) The RoHS icon will be removed on the new labels, as RoHS compliance is legally part of the CE mark. <i>Important:</i> There will be no change to RoHS status of the product.</li> <li>5) The country of origin will be shown on the box label.</li> </ol>
<b>Affect that change has on operation:</b>	None.
<b>How to identify original and changed product:</b>	Previous and new versions of example product and board labels are shown in figures 1, 2, 3 and 4 on the next page. Note that these are representative labels – the shape of each label can vary to fit the product, but the changes are the same.
<b>Date that changed product will be shipped:</b>	1st April 2014. Existing product will still be shipped after that date during a transition period.
<b>Notes:</b>	None.
